Boston Health Care for the Homeless Program

[**LINK TO WEBINAR REGISTRATION**](#)

Description

The speakers will discuss substance use disorders, HIV, and their oral health implications as encountered in their practice at Boston Health Care for the Homeless Program.

Learning Objectives

- Review the current trends in substance use disorders and HIV infection rates nationally and in the Boston area.
- Describe the oral presentations and dental implications of opioid, cannabis, methamphetamine, and cocaine use.
- Review oral health trends among patients living with HIV.
- Discuss how to mitigate the oral health risks of medication-assisted treatment.
- Identify opportunities for interprofessional collaboration to support and promote the oral health of vulnerable patients.

Continuing Education

Social Workers: This program has been approved for 1.0 clock hours by NASW-Missouri Chapter, and may be used to meet continuing education requirements for Social Work Licensure/Certification renewal.

Nurses: Kansas City CARE Clinic is approved as provider of continuing nursing education by the Kansas State Board of Nursing (LT 0256-0609). This course offering is approved for 1.0 contact hours applicable for RN or LPN re-licensure.

Physicians: CME credit provided. This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Florida Medical Association and NAHEWD. The Florida Medical Association is accredited by the ACCME to provide continuing medical education for physicians. *The Florida Medical Association designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™.* Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The planners and speakers for this educational activity have no relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.
