## Description

The presentation will focus on the collaborative efforts to develop and implement harm reduction, HIV, and overdose prevention efforts in Lowell, Massachusetts. The speakers will discuss their partnership among EMS, public health, and academic partners across different implementation and research projects.

## Learning Objectives

- To describe a partnership model aimed at decreasing the impacts of the opioid crisis.
- To discuss collaborative efforts that have aimed to enhance harm reduction services and reduce opioid-related morbidity and mortality in Lowell Massachusetts.
- To share evaluation and research findings and implications.

## Continuing Education

**Social Workers:** This program has been approved for 1.5 clock hours by NASW-Missouri Chapter, and may be used to meet continuing education requirements for Social Work Licensure/Certification renewal.

**Nurses:** Kansas City CARE Clinic is approved as provider of continuing nursing education by the Kansas State Board of Nursing (LT 0256-0609). This course offering is approved for 1.5 contact hours applicable for RN or LPN re-licensure.

**Physicians:** CME credit provided. This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Florida Medical Association and NAHEWD. The Florida Medical Association is accredited by the ACCME to provide continuing medical education for physicians. *The Florida Medical Association designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credit™.* Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The planners and speakers for this educational activity have no relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.
