BRIDGING HIV & SUD: INNOVATIONS IN THE FIELD

Expanding Harm Reduction in Rural Appalachian Ohio

Friday, May 5, 12 pm ET

Presenter:

Abby Spears, BA
Program Coordinator
Portsmouth City Health Department

[LINK TO WEBINAR REGISTRATION](#)

Description

This webinar will provide an overview of the SHRPS syringe and harm reduction program from inception through the current iteration. The use of data, mapping, and community partnerships will be highlighted to provide comprehensive support and services.

Learning Objectives

- Demonstrate challenges faced by rural harm reduction programs and those who use drugs in these areas.
- Provide examples of how harm reduction and syringe services are able to utilize technology and partnerships to expand services and resources.

Continuing Education

Social Workers: This program has been approved for 1.0 clock hours by NASW-Missouri Chapter, and may be used to meet continuing education requirements for Social Work Licensure/Certification renewal.

Nurses: Kansas City CARE Clinic is approved as provider of continuing nursing education by the Kansas State Board of Nursing (LT 0256-0609). This course offering is approved for 1.0 contact hours applicable for RN or LPN re-licensure.

Physicians: CME credit provided. This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Florida Medical Association and NAHEWD. The Florida Medical Association is accredited by the ACCME to provide continuing medical education for physicians. *The Florida Medical Association designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™.* Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The planners and speakers for this educational activity have no relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.
