Description

This presentation will review data and public health challenges in HIV/HCV prevention and SSP access in rural Massachusetts. It will also review models to bring services to most at-risk communities and what the future of providing these services looks like.

Learning Objectives

- Provide an overview of existing data and public health challenges in HIV/HCV prevention and SSP access in rural Cape Cod.
- Review of history of establishing SSPs in MA.
- Review of innovative models for bringing services to most at risk communities in rural areas.
- Explain the importance of integration of community organizations with HIV/HCV/SUD prevention and treatment services in rural communities.

Continuing Education

Nurses: Kansas City CARE Clinic is approved as provider of continuing nursing education by the Kansas State Board of Nursing (LT 0256-0609). This course offering is approved for 1 contact hour applicable for RN or LPN re-licensure.

Additional continuing education credits will be offered.
