BRIDGING HIV & SUD: INNOVATIONS IN THE FIELD WEBINAR SERIES

HIV and Substance Use Disorders: Implications for Elder Populations

This webinar will explore the intersection of HIV and substance use disorders (SUD) in older adults. Participants will examine the unique challenges faced by this demographic, including stigma, healthcare access, and the impact of co-morbidities. Through case studies, discussions, and evidence-based research, participants will gain a deeper understanding of the implications for treatment, prevention, and support services tailored to the needs of older adults.
